GARDEN GROVE, April 11.—A number of Garden Grove people attended the cooking school at Elks Hall, Santa Ana, conducted by Miss Peet, this week.

Mrs. Sufferer—"Just look at me sitting here and all the work piled up! My feet are so sore and swollen I can't stand on them. Somebody told me to use Fels-Naptha Soap and take a foot bath with it every day. Do you know anything about it?"

Fels-Naptha Soap and cool or lukewarm water will quickly and easily do the largest wash without hard rubbing or boiling the clothes. Fels-Naptha makes dirt disappear, dissolves grease and takes out all kinds of stains. It gives tired women time to rest and a chance to grow strong and well.

Just as good for all kinds of housework as it is for washing.

TALBERT BEET CROP IS LOOKING GOOD

Ranchers Find the Conditions Excellent for a Big Year for Them

TALBERT, April 11.—The beet crop is looking fine now. They have nearly all been thinned and since the recent rains they are growing fast. The present prospects are fine for a good crop. The grain crop also looks as though this section is to have the best one in a number of years, and the ranchers are very much encouraged.

The Patterson brothers of Bolca are moving the blacksmith shop for S. E. Talbert this week to his home place, from over on the street running west of Talbert. The old shop will be converted into a garage.

Mrs. M. A. Nimmocks, who has been in the hospital at Los Angeles for the past several weeks, was brought home last Sunday. She is almost entirely well again. Her niece, Mrs. J. C. Preston, and her husband, of Los Angeles, came home with her to spend the summer.

At the meeting of the Newbert Protection District last Saturday they decided to have their dredger fixed up to clean out the river channel.

The Talbert dredger is being moved this week and put in shape for work soon.

The four young men who have been holding a revival meeting for the past ten days returned to Los Angeles Monday.

ALMOST LIKE SUMMER AT THIS BEACH

LAGUNA BEACH, April 11.—It looks almost like summer at this popular resort. Most of the cottages are filled with visitors and there is plenty to do here in the social line. If the present influx of vacationists continues the coming season will be one of the most prosperous that Laguna has ever had.

Movie People at Beach A large company of "movie" actors is staying at the hotel. They are employed by the Universal Film Company and are engaged in "filming" four different plays. News that the company will be here from two to four weeks will be pleasant for the early "summer boys," as there are a number of very attractive-looking girls in the crowd of actors.

Good Roads Work Progressing The contractor in charge of the highway work being done on the road from here to Myford is keeping the

road open at all times so that motorists will have no difficulty in passing.

Coast Road in Good Shape Automoblilists will be glad to learn that the difficulty formerly attached to travelling from Laguna to San Juan Capistrano, via the bluffs, has been largely done away with. The road is in excellent shape, owing to work done by the residents of Laguna should be grateful to L. N. Brooks for having paid one-third of the cost of putting the Laguna end of the road in shape.

SANTA ANA DRUGGIST HAS VALUABLE AGENCY

—The Rowley Drug Company has the Santa Ana agency for the simple mixture of Buckthorn bark, glycerine, etc., known as Adler-ika, the remedy which became famous by curing appendicitis. This simple remedy has powerful action and drains such surprising amounts of old matter from the body that JUST ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. The QUICK action of Adler-ika is astonishing.—Advertisement.

HOW AN OLD PHRASE CAME TO BE ADOPTED

WASHINGTON, April 13.—How the expression, "Tailors of Tooley Street," which was used in almost every speech against the repeal of the tolls exemption bill since that vexed subject came before Congress started, has been explained for the United Press by Senator O'Gorman.

"More than one hundred years ago," said O'Gorman, "there were three small tailors living in Dublin, Ireland, whose shops were on Tooley street. Action taken by the British Parliament did not please them at all, so they drew up a petition which began: 'We, the people of England, aroused by the action of Parliament in,' and so on.

"When the petition arrived in London and was laid before Parliament, an investigation was made by friends of the measure to which the tailors were objecting, with the result that it aroused much derision, and played small part in affecting legislation. Ever since, whenever it is desired to discredit petitions sent to a legislative body, they are referred to as 'Tailors of Tooley Street petitions,' which simply means in the opinion of the speakers that they do not represent public sentiment at all, but are merely from little groups of people who are probably in a hopeless minority."

NAVELS GO IN THREE WEEKS

Redlands Packers Are Rushing Away What is Left of the Crop

REDLANDS, April 13.—The Redlands navel orange crop will all be about shipped within the next three weeks if conditions are favorable. It is estimated that at least 80 per cent of the crop has already been shipped, and that only in cases where the fruit is keeping exceptionally well any attempt be made to hold back until after May 1. The total shipments of navel oranges from Crafon, Mentone, Redlands Junction, Drew and Redlands district, will approximate 3500 cars. Other varieties will, it is estimated, bring the total shipments from the district to 4000 cars or over. This is considered as a remarkable showing, taking into consideration the apparently hopeless conditions following the freeze. All fruit now leaving the city is iced for transportation.

Strengthens Weak and Tired Women "I was under a great strain nursing a relative through three months' sickness," writes Mrs. J. C. Van De Sande of Kilauea, Ill., and "Electric Bitters kept me from breaking down. I will never be without it." Do you feel tired and worn out? No appetite and don't want to diet? It isn't the spring weather. You need Electric Bitters. Start a month's treatment today, nothing better for stomach, liver and kidneys. The great spring tonic. Relief or money back. 50c and \$1.00, at your druggist.—Advertisement.

THE ADVISABILITY OF KEEPING PETS

(By Burr Shafer and Robert Armstrong.)

Every boy and girl should keep a few pets. In the olden days the pet of a knight was his horse. So with today, on the farm each person has his or her pet. People living in the city think they lack space, but space enough to keep a pen of bantams is wasted in every yard, and if the reader has more room, fancy pigeons, doves, canaries and aviary birds make one's yard attractive. These may not only be a pleasure but a reliable source of income to the youthful fancier.

It has been proven by experience that it is poor economy to purchase poor stock, the fancy being much more graceful and not more difficult to raise.

The cost of keeping an ordinary large hen is about equal to the expenses of a pen of bantams (four hens and one cock). The large hen will lay on an average 150, or thirteen dozen, eggs per year; at 25c per dozen the result is \$3.25. Four bantam hens, laying about 130 eggs each, will make a total of 520 eggs in the same length of time. Considering eighteen bantam eggs equal to one dozen large eggs, the bantam eggs would be equal to thirty dozen large eggs. At 25c per dozen the result is \$7.50. Subtracting \$3.25 or the selling price of the large eggs, from \$7.50, the selling price of the bantam eggs, leaves a net profit of \$4.25. But bantam eggs can be sold for hatching at from \$1.00 to \$10.00 per fifteen eggs.

PUTS IN NEW WATER PLANT

Anaheim Union Water Co. Expects Well to Produce 300 Inches

FULLERTON, April 13.—Superintendent McFadden of the Anaheim Union Water Company reports that the company is building another water pumping plant at Crowther's corner about 1400 feet west of the other plant and that it will be in operation in a short time.

It will be operated with a 150-horsepower electric motor and is expected to develop 300 miners' inches of water.

The new plant will cost about \$4000 and will be of great assistance in supplying water for summer irrigation. The water company now has many thousands of dollars invested in these pumping plants and finds them profitable notwithstanding the fact that it gets half of the water from the Santa Ana River at Rineon.

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use the Old-Time Sage Tea and Sulphur and Nobody Will Know

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Weych's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.—Advertisement.

"Faultless" Houdans

This strain has been egg-bred from trapnest records since April, 1890. I have bred them 21 years for great layers and 12 years for large size chalk-white eggs; these fowls are extremely hardy, have neither comb nor wattle to freeze, and are the best of all winter layers in open front coops. Faultless strain Houdans have won every blue ribbon at New York, Boston, Chicago and Philadelphia shows for past six years; eggs and stock sold on honor; send 10c for the largest illustrated poultry catalogue ever issued; it tells you how to breed these fowls, which average 250 eggs a year apiece; it tells you how to net \$3,000 a year from 100 hens. E. F. MacAVOY, Secretary Houdan Club, Cambridge, N. Y.

HOME RULE IN IRELAND AND HERE

The English have always spoken slightly of American statecraft. John Bull has not merely sneered at our political corruption, but he has regarded the United States constitution as an amateurish job.

Nevertheless, the fathers of 1787 did create a political principle which, after a lapse of 127 years, the statesmen of England seem just waking up to adopt. That is the federal system, the combination of state control of local matters with federal control of national matters.

The grandeur of the structure built by the American fathers appears in sharp contrast with the way England has bungled the Irish question. Great Britain is a compact group of peoples, subject to about the same climatic, physical, and economic conditions throughout. There are racial differences. Yet these do not begin to be as sharp and antagonistic as those dividing the American people. Yet the English people, who ought therefore to be compact and harmonious, are full of internal hate and bitterness for failure to apply to Ireland the principle of the federated system.

The United States contains the most heterogeneous conglomerate of races and religions ever assembled under one flag. It covers so vast a territory that the economic interests of different sections are often sharply antagonistic. In some particulars, the social systems of the various sections differ widely in their origins. A civil war and a badly bungled reconstruction have followed.

Yet in spite of all, our people live in as great a degree of peace and quiet as is possible under the limitations of human life. And all because the fathers were wise enough to let each locality solve its own home problems. All this has been going on under the eyes of England's lordly rulers for 127 years. They are today just beginning to see the application, and to talk about a federal system to quiet Ireland and Ulster!

ACQUIRING SKILL IN TYPE-WRITING

Some wonderful records in skillful typewriting are being made nowadays. Miss Bessie Friedman of New York broke the world's amateur record the past week at a Business Efficiency Exposition in Boston. She wrote at the rate of 127 words a minute. Miss Sarah Rosenberg of Brooklyn, did what seems even more wonderful in the accuracy contest. She wrote 2569 words in a half hour, or 85 per minute making only one error in the entire work.

It is a problem of general interest how the average person can acquire even a fraction of the skill suggested by the above records. Young people who are learning to typewrite must anticipate that business men will demand a higher rate of efficiency than formerly. Methods are being systematized, and large offices in particular demand of their typists a certain minimum of accurate production. Many young people attend schools that make glowing promises of what can be acquired in a few weeks. They are taught slovenly short cuts and incorrect methods that in the end work against high degrees of accuracy and speed.

A typist needs to be not merely quick in motion, but it is not a calling fitted to very nervous and high strung people. Their muscular control goes wrong as soon as physical weariness begins to assert itself.

Many newspaper workers and professional and business men learn to operate typewriters for themselves. The product is variegated in alignment and spelling.

But business and professional men who have to write a good deal can increase their output three times by learning the typewriter. The objection is made that when the amateur's mind is taken up by hunting for the keys, it interferes with the flow of ideas and hurts his style of composition. But if at the start he will take some pains to learn correct fingering, he should in a few years think as little of his keys as the bicyclist thinks of his balance.

GOOD BUSINESS!

That the State Railroad Commission is doing an immense amount of work cannot be better shown than by its annual report, just printed, which contains 2003 pages.

Compare this with the report of 1908, which contained only 78 pages, and one can see the difference in the amount of work. The old commission under the former law was anxious to see how few railroad regulations it could make, while the present commission has been actively engaged in saving the people hundreds of thousands of dollars.

The cost of printing this huge volume of 2003 pages at the state printing office was only \$2.46 per copy while the former volume of 78 pages cost \$2.97.

The publication of this report shows that Governor Johnson made no mistake in re-organizing both the state railroad commission and the state printing office, and placing John M. Eshleman at the head of one, and Friend W. Richardson at the head of the other.

Bourne's only condition was that he be elected a member of the cathedral choir. He was elected unanimously.

Strong Endorsement for Home Rule in Taxation

An attendance larger than was anticipated evidenced the interest in the various proposed taxation amendments to the constitution, and in the Home Rule in Taxation amendment in particular, when those matters came up for discussion at the meeting of the Commonwealth Club in San Francisco, on the evening of April 8. The major part of the evening was given up to the discussion of the Home Rule in Taxation amendment. The committee presented two reports, one in favor of the amendment, and the other opposed.

Their opponents attacked the principle of Home Rule as applied to taxation, but based their objections chiefly on the ground that if all the various taxing bodies should adopt all the exceptions allowable under the Amendment certain evils would result, such as trade rivalry, throwing all the burden on the poor, throwing all the burden on the rich, etc.

The proponents of the amendment argued that the measure is simply an enabling act. It forces no community to make any change from the present tax system, and that the fancied evils have not resulted where the system has been thoroughly tried; for instance, in Western Canada, where it has been in operation for thirty years; in New Zealand, where it has been in effect for twenty years; in Australia, and the irrigation districts of California.

On a vote being taken of the members present a substantial majority voted in favor of the amendment, thus reaffirming the action of the club in 1912, at which time the club went on record in favor of Home Rule in taxation.

HOW SOME ROSES ARE MADE TO PAY

By Reginald Brinsmead, Register Staff Writer.

California is truly a land of roses; and the extensive plantings, of many thousands of bushes and plants, made this year of 1912-13, of which some \$2,000 was exported to India and Persia, the balance being used in Persia. With the exception of some small experimental shipments of the attar of roses to London, in 1913, the market for the Persian products has hitherto been confined to India and Persia.

In 1912 the Tondja valley rose essence had a value of \$130 a pound; the Persian rose water was worth 4c to 5½c per pound and the Persian attar of roses sold at from \$124 to \$170 per pound. The Persian attar of roses had never been exported to Europe prior to the above mentioned shipments to London. It sells in small bottles, containing one-eighth of an ounce, at from \$1.05 to \$1.34.

In the case of the Tondja product, adulteration is sometimes resorted to by the addition of oil of geranium having a value of but \$2.50 per pound. The Persian brand of essential oil (attar) of roses is said to be adulterated to some extent by the distillers, with both vegetable and highly refined mineral oils.

California can certainly produce the roses, the raw product; crops can be grown practically the year round. There is a growing market for the by-product or products produced from them. Can their manufacture in California be made commercially profitable? It certainly looks as if we have here the "makings" of an industry at once new and of value to the state.

These are two of the world's most famous rose districts; and in both the flower is turned to profitable commerce, and important industries have been built up in the manufacture of rose products.

From January to June, 1912, the valley of the Tondja exported essence of rose valued at \$898,637; in 1910 the total production of the valley amounted to over one million dollars, of which a little less than \$150,000 worth came to the United States. The product of the Persian rose gardens, at Fars, consisting of rose water and attar of roses, amounted to between \$45,000 and \$50,000 for the fiscal year of 1912-13, of which some \$2,000 was exported to India and Persia, the balance being used in Persia.

SANTA MONICA MAY HAVE LIQUOR FIGHT

SANTA MONICA, April 13.—Another trial of strength on the liquor question is threatened in Santa Monica. Proponents of the application of William Baxter for a wholesale liquor license, at Second street and Utah avenue, declare they will invoke the referendum and attack what they insist is a monopoly if the application is denied. That it will be denied means the police commission already have signified. Petitions also are in circulation against adding another wholesale house to the two now operated, and many signatures of business men, large property owners, prominent women and church members are being attached.

WOMAN DENIED LICENSE TO RUN TRACTOR ENGINE

REGINA, Sask., April 13.—Mrs. Victor Garbist, who was for twenty years a licensed engineer in Minnesota, applied to take out a license here, desiring to run her husband's traction engine. As the Saskatchewan law defines persons qualified to become engineers as males over 18 years, she was refused.

LAKE ELSINORE HIGHER THAN FOR MANY YEARS

ELSINORE, April 13.—According to old timers, Lake Elsinore is higher now than it has been for fifteen years, and is still rising. The San Jacinto river, which has its head in the San Jacinto range of mountains, and which is fed by many streamlets after it reaches the valley, has been emptying its waters into Lake Elsinore at a rapid rate during the past month. This year ranchers have put in dams along the river and have taken considerable water for irrigation purposes.

NATURAL GAS IS EXPECTED NEXT MONDAY

Manager Champion Believes Connections Will Be Completed Then

It is more than likely that one week from today the housewives of Santa Ana, Orange and Anaheim will be cooking their meals with natural gas instead of the manufactured article. County Manager Champion of the Southern Counties Gas Co. stated this morning that he believes the connection with the mains at Anaheim will be made by Monday.

Fullerton and Placentia are already using the natural product, piped down from Olinda. A gang of men is at work laying a pipeline between Placentia and Anaheim, going at the rate of about 1000 feet per day. At present the manufactured gas goes through a main from Santa Ana to Anaheim, Orange and Fullerton. This main will be used to bring natural gas here. Owing to the size of the main connecting with Fullerton it was not possible to send the Anaheim-Orange-Santa Ana supply through Fullerton, and thus the main from Placentia to Anaheim was necessitated.

The adjustment of stoves to the new supply has been in progress at Fullerton and Placentia. When natural gas reaches Santa Ana, Orange and Anaheim, the rate in those places will be seventy-five cents per 1000 cubic feet. In Santa Ana the reduction will be from \$1. Anaheim and Orange have higher rates for manufactured gas.

CLEVELAND CLAIMS ANSWER TO THE DIVORCE PROBLEM

CLEVELAND, April 13.—Cleveland, the one city in the United States with the enviable record of one divorce for every four marriages annually, is now teaching its little girls how to be ideal wives some years hence.

The Marion school, a part of the city's educational system, is devoted to tutoring 14-year-old girls on the art of domestic science perfection.

"It's a solution of part of the divorce evil," declared Miss Estelle Hanchette, a teacher in charge of the "ideal home" kept by the girls of the school. "Untidy homes are many times responsible for dissatisfied husbands."

The "ideal home" is across the street from the school in the heart of the congested district. It was once a filthy, insanitary tenement. Dirt was literally hoed from the floors. Half a dozen layers of old wall paper covered with filth and dirt were taken from the walls. The building was given a thorough scrubbing and then the "future wives" took charge.

They obtained estimates for the painting and papering and every article of furniture from gas stoves to draperies and linen. Miss Hanchette took them to the stores to buy everything. Economy was the first consideration.

The early class cleans floors and windows and sweeps. No girl has enough to do to tire her. Each is taught simple methods of cleaning.

The second class buys and prepares the lunch. The next class eats the meal and the late class cleans the dishes and ends the day in sewing. The classes rotate each day so that the work is different. The house contains kitchen, dining room, pantry, bed rooms and clothes closets.

"The children are so enthusiastic about their work," said Miss Hanchette. "I am firmly convinced that the future husbands of those of the 'ideal home' pupils who marry, will never want a divorce court. No man would want to lose a wife whose knowledge of her home, and whose interest in it was a small per cent even of the interest, the pupils now show in the 'ideal home.'"

MRS. CHAMP CLARK BREAKS HER TWENTY-YEAR RULE

WASHINGTON, April 13.—Mrs. Champ Clark broke a twenty-year rule yesterday when she signed a petition to Speaker Clark and other House officials, circulated by Mrs. W. R. Smith, wife of F. C. P. Smith of Texas, to provide the wife of every Congressman with a seat in the House galleries. Mrs. Clark has heretofore refused to sign petitions to congressmen.

MOTORBIKE BREAKS BOY'S LEG ON THE EL MODENA GRADE

Alois Hageman's leg was broken yesterday afternoon on the El Modena grade as a result of a collision with a motor-cycle. Hageman, who is the 16-year-old son of Mr. and Mrs. J. W. Hageman, late of Hastings, Minn., was returning to Santa Ana from the Orange County Park on a bicycle, in company with two other boys, at about 5 o'clock. The motorcyclist attempted to pass Hageman by crowding in between him and the bank, with the result that the motorcycle hit Hageman's left leg, breaking it above the ankle.

A peculiar thing about the accident was that the boy was not knocked off his bicycle. The motorcyclist carried a young woman on the tandem of his machine and this added weight gave the machine a great deal of momentum and made it difficult to steer.

Young Hageman's parents have been in the city only about a week. They came here from Minnesota and are stopping with the P. G. Beissels, at 218 South Main street.

LIMA BEANS SELLING WELL AT OXNARD

OXNARD, April 13.—Local lima bean selling the past month has been very heavy, at 6 cents and better, which is the highest for several years. Parry R. Cole, manager of the Lima Bean Growers' Association, is advocating the packing of beans in 100-pound sacks instead of 80-pound sacks as at present, having found a demand for larger sacks among brokers in the East, where he has been on a three months' business trip.

NEW SHELL EXPLODES IN AIR BEFORE CONTACT

PARIS, April 13.—Members of the Council of War attended the Mailly Camp this week to witness a demonstration of the new method of shell fire discovered by Commandant Malanderin.

The method enables a shell fired from a 75-caliber cannon to explode in the air instead of on contact as heretofore, thus obtaining increased range and effective action. The French military authorities consider the invention doubles the value of the 75-caliber gun.

PICNICKED AT BIRCH PARK

Pupils of Delhi Sunday School Entertained Happily Saturday Afternoon

A picnic party connected with Delhi Sunday School enjoyed Saturday afternoon in Birch Park. Altogether forty members and guests took part in it. The children were entertained with peanut and cookie hunts, egg-rolling contests and games. A fine lunch was supplied by the ladies. Sandwiches, Saratoga chips, olives, pickles, cakes and cookies made up the menu, with iced fruitade.

Judge Z. B. West and Mr. Marshall of the First Baptist Church were very welcome guests. Mr. Lockett, the present superintendent of the Sunday School, together with Mr. Marshall, initiated some of the boys into the mysteries of "mumblety peg." Mr. Elliott, who resigned as superintendent two weeks ago that he might resume his duties as janitor of the First Baptist Church, was unable to attend, a fact which all regretted. The anniversary of the organization of this Sunday School is close at hand. It is intended that an anniversary social shall be arranged to take place about the middle of May. Further and more detailed notice of it will be given later.

Excellent Teacher

Those who were in the Bible class which met in the First Baptist church last Monday evening were much gratified with the simple, forceful teaching of Miss Parker. The class is beginning the study of Genesis, and all who possibly can should avail themselves of the opportunity and privilege of the teaching of one who has had years of study and practical preparation for her work with some of the best orthodox Bible teachers in the country. The class meets each Monday evening at 7:30, and is free for all.

The ladies kept their needles busy while discussing ways and means of being helpful to some needy families. Refreshments consisting of sandwiches, pickles, potato chips and several kinds of cake and coffee were served after which good-byes were said and good wishes expressed for a safe and pleasant journey for the class member.

MET AT BUENA PARK

County Federation of Parent-Teacher Associations Held Interesting Session

The Orange County Federation of Parent-Teacher Associations held an interesting meeting in Buena Park last Saturday. The meeting opened at 10 o'clock a.m. with a large attendance. Mrs. Anna Hill, president of the Federation, led the devotion by reading a chapter from the Bible followed by a prayer by Rev. Johnston of Buena Park. In the absence of the secretary, Mrs. A. G. Flagg, the chair appointed Mrs. Chas. Kemp of Anaheim as secretary pro tem.

A splendid address of welcome was made by Mrs. Effie Haas, president of the Buena Park association, with an excellent response by Mrs. Lillian Whitney of Santa Ana. Election of officers, next in order, resulted as follows: President, Mrs. Lillian Whitney, Santa Ana; first vice president, Mrs. Goodale, Anaheim; second vice president, Mrs. Effie Haas, Buena Park; third vice president, Mrs. Donna Holloway, Yorba Linda; recording secretary, Mrs. Nora Flagg, Santa Ana; corresponding secretary, Prof. Hauck of Anaheim; treasurer, Mrs. Fred Snyder, Fullerton; historian, Mrs. W. B. Tedford, Santa Ana; auditor, Mrs. Irene Wilson, Brea; parliamentarian, Mrs. Yeoman, Laora.

Mrs. Goodale of Laora association, West Anaheim, chairman of the committee on securing speakers for the Federation, reported that she had secured thirty accredited speakers available for Orange county associations at any time if given reasonable notice in advance. The list will be published in the newspapers of the county at an early date.

A report from each association in the county was heard from the president of each association, or her representative. These reports were very interesting and of a helpful nature.

At noon the meeting adjourned for luncheon and all repaired to the large dining hall, where long tables, spread with white linen, beautifully decorated with flowers and loaded with good things to eat, stretched the full length of the hall. Although this was supposed to be a "basket lunch," everyone taking his or her own lunch, the ladies of the Buena Park association had prepared such a variety of delicious, eatables that the baskets were forgotten. A delightful social hour was enjoyed, which was spent in getting better acquainted.

At 1:30 the meeting was again called to order and an interesting program was opened by a drill of Buena Park school boys under direction of Miss Allen. Then followed a reading by Miss Agnes Hardin; a vocal duet, Juanita Simpson and Miss Ingram; a piano solo, Miss Juanita Simpson; an address on "Campfire Girls," by Miss Maude Jones of Santa Ana; and a piano solo by Mrs. Wilson. Mrs. Little of Huntington Beach read a paper on "Proper Dress for School Girls." This paper was full of splendid ideas, and it is to be regretted that every mother of school girls was not present to hear it. Another paper of great interest was read by Mrs. W. B. Tedford of Santa Ana entitled "What We Owe Our Children in Education."

At the conclusion of this program an invitation extended by the president of the Fullerton association for the Federation to meet at Fullerton in October, was accepted. A rising vote of thanks was given to Mrs. Anna Hill, retiring president, for her untiring efforts and efficient work in organizing the County Federation, also a cordial welcome was extended Mrs. Lillian Whitney, the new president. The Buena Park ladies are to be congratulated for the splendid manner in which they entertained the visitors. The next meeting will take place in Fullerton, Oct. 10.

OUR WEEKLY SERMON

"A Stranger Come to Town," Sermon Preached by the Rev. J. G. Kennedy, D. D., at the United Presbyterian Church.

"And came to Corinth."—Acts 18:1. Who came to Corinth? Why did he come? What difference does it make to us who came to Corinth nineteen hundred years ago? The answers to these questions take us back to the middle of the first century, to the great commercial metropolis of the Mediterranean Sea. Her eastern and western harbors put Corinth in touch with the shipping of both seas, while the narrow isthmus forced all the land travel north and south through her gates. Corinth was as widely known for her debauchery as for her commerce. Heathen writers of that day spoke of her "abyssal wickedness" and called her "the hotbed of all evils." Her gods were gods of war, and lust and cruelty and revenge and her people were worse than their gods. So had indeed she become that to "Corinthianize" became a term by which to designate that which was foulest in other heathen cities.

Not even the watchmen at her northern gate saw a lone traveler coming along the road from Athens. He was dust-covered, foot-sore and weary from his long walk. His body was feeble. His voice was squeaky. His eyes were bloodshot. His face was terribly scarred. His countenance was that of a Jew. Such a man would be transported from any entry port of the United States as being disqualified for entrance, for he had no money in his pocket and no friends to guarantee his sustenance. A little pack on his back with a few coarse needles in it was his only visible possession. With a scowl and a curse he was admitted; for the Jew was in disrepute in that proud, prosperous, prostituted city. He hunted the Jewish quarters, where God's persecuted people congregated for personal safety. A tent-maker and his wife took the stranger in and on the morrow he was busy with them making tents.

A few centuries are gone. Who were the leaders in the social revivals of that day? No man can tell. Who were the wealthy occupants of her splendid palaces? Echo answers "Who?" Who were her political dignitaries and powers? No answer. Who was that Jew whose "bodily presence" was weak and whose speech was contemptible? All the world knows it was the great Jew, Paul. Who were those humble tentmakers that took the stranger into their home? Of course they were the now world-renowned Aquila and Priscilla. Most of the world would never have heard of Corinth at all had not Paul come and "dwelt there a year and six months, teaching the word of God among them."

Paul, how did you feel about your undertaking in Corinth? "I came in weakness and in fear and in much trembling." How account for his success against such odds?

1. He came with a wonderful story. "Not with excellency of speech or of wisdom." "Not with enticing words of man's wisdom." He came with the story of a holy God, to those who worshipped gods of wickedness. He came with the story of a compassionate God to those whose gods were cruel monsters. He came with the story of a crucified Redeemer to those whose gods were self-seeking. He came with the story of a resurrected God into life eternal, to those who had no hope beyond. He came with the story of a God of love, a "Love which passeth all understanding." At first it sounded like foolishness but it caught their attention, gripped their hearts, transformed their lives, unkindled their hopes.

2. He came with a burning zeal. Nothing could close his mouth. Were the soldiers dragging him half dead from the mob that was killing him? He would preach the love of God to them from the stairs leading to the jail. Was he being tried for his life? He talked of this wonderful God until his judges trembled. Was there a wild storm at sea wrecking the ship? He spoke of his God to sailors and

passengers and calmed their fears and obtained their deliverance. Here his zeal thrust him into synagogues and theaters, and market place telling of the love of God.

3. He came with unselfish consecration. "Not yours but you," was his motto. He "made himself servant to all." He "Became all things to all men" that he might win them for the God of love, through His Son Jesus Christ. "If I must make my brother to offend, then I will eat no meat." Self was entirely surrendered to Christ and to men.

4. He came with consuming love. "The love of Christ constraineth us." "Being reviled we bless." "Being despised we entreat." When God loved men, He showed it. When Christ loved men He showed it. When Paul loved men he also showed it in ways that could not be mistaken.

5. He came with a divine companionship. The keepers at the gate of Corinth saw only the despised Jew. Paul's God came with him. Listen! "The Lord said unto Paul, in the night by a vision be not afraid, but speak and hold not thy peace; for I am with thee, and no man shall set on thee to harm thee, for I have much people in this city." God and Paul came to Corinth. That accounts for the marvelous results of his coming. God came for His own to Corinth and got them through His consecrated servant, Paul. When God goes with you to any place something eternally worth while will result from your going.

6. He came with glorious results. There were a dozen notable converts whose names have been preserved nineteen hundred years. There sprang up a strong church in that eighteen months that in turn sent out its evangelists all over the Roman world. Because Paul came to Corinth, and a church was organized there, he must needs write to it to correct the errors in doctrine and corruption in practice that had crept in. Thus the world got First and Second Corinthians. How we would miss the chapters on the sacrament of the Lord's Supper, on love, and on the resurrection! What blessing and comfort have come to the hearts of men through nineteen hundred years because Paul came to Corinth. But more, Paul met Aquila and Priscilla at Corinth. They had been driven out of Rome. He was inspired by what he learned of the Christians at Rome to write that wonderful letter to the Romans. The doctrine of justification by faith is fully set forth in our Bible because Paul came to Corinth. That great triumphant eighth chapter and that most practical twelfth chapter are ours because Paul came to Corinth. Think of all the sermons that have been made possible by the texts found in these three most important parts of our Bible! Think of the multitudes that have come into eternal glory because Paul came to Corinth! He came full of zeal and consecration and love with the wonderful story of the love of God as revealed in the death of His Son, and attended by the living Lord to guard his life and bless his efforts, and he made the name of Corinth immortal and has peopled heaven with such multitudes as no man can number.

You came to Santa Ana one day. How long have you been here? Paul was in Corinth but eighteen months. How many times that long have you lived and labored here? Has your coming been a spiritual blessing to Santa Ana? How many will rise up in the day of judgment to thank God for sending you here? To whom have you told the story of the love of God in Christ Jesus? Santa Ana is a spiritual paradise as compared with Corinth. You earn your living easier than Paul. Your God still loves lost sinners. A soul is as valuable a trophy now as in Paul's day. Why did you come here? To please yourself or to serve Christ? Who has been saved from sin because you came to Santa Ana?

FARM SUPERVISOR
IS ASKED FOR BY
VENTURA COUNTY

VENTURA, April 12.—At a meeting of prominent ranchers, representing every section of the county, it was decided a farm advisor would be of benefit to the county. The Supervisors will therefore be asked to appropriate \$2000 a year for the next three years for the expenses of a county farm advisor.

State Leader G. H. Crocherson spoke at the meeting, as did several ranchers, all agreeing the expense would be more than equalled by increased yields. Professor Cook, state horticulturist, also spoke. The Supervisors have expressed their willingness to make the appropriation.

NOSE AND HEAD STOPPED UP FROM COLD OR CATARRH, OPEN AT ONCE

My Cleansing, Healing Balm Instantly Clears Nose, Head and Throat—Stops Nasal Catarrhal Discharges—Dull Headache Goes.

Try "Ely's Cream Balm."
Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fra-

grant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

EASTER DAY WAS REVERENTLY OBSERVED

Churches Beautified With Flowers—Song and Praise Marked the Day

One of the most beautiful and impressive of the many services planned in the city churches for the celebration of the joyous Easter feast and one which was certainly most inspiring was given in the fine new Baptist Church yesterday afternoon under the direction of W. A. Benjamin. Percy K. Lusk was at the pipe organ and his music was more than excellent and not one of the least enjoyable features of the program.

Long before 3:30 p. m., the time set for the program, nearly every available seat in the spacious edifice was filled and extra chairs then had to be provided, the new chairs for the church not having yet arrived.

The service opened with a beautiful organ solo, "Pastorale," by Wachs, which was thoroughly appreciated in its soft daintiness of interpretation. An appropriate hymn was sung by the standing congregation followed by prayer by Rev. Mr. DeVault. The anthem, "As I Begin to Dawn," was splendidly rendered and was followed by Scripture reading, a story of the Resurrection by St. Matthew. Mrs. W. R. Coleman, in good voice, sang the soprano solo by Stevenson, "The Song of Victory." The pastor, Rev.

IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapepsin" Ends Stomach Misery, Indigestion in 5 Minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite, but what will please you most is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

POPULAR COUPLE MARRIED AT ORANGE

Miss Buchanan Became the Bride of Osman Pixley Yesterday Morning

(By Staff Correspondent.) ORANGE, April 13.—The wedding of two prominent local young people took place yesterday morning when Miss Mildred Buchanan became the bride of Osman Pixley. The ceremony was performed at 7 a. m. at the home of the bride's parents, Mr. and Mrs. G. W. Buchanan, on North Shafter street. Rev. W. A. Jackson officiating.

Owing to Mrs. Buchanan's health a formal wedding with its attendant social features was dispensed with and the ceremony was an exceptionally quiet event. The young couple left immediately after for an automobile honeymoon trip to San Diego. They will be at home in the new Shafter apartments on North Olive street.

The bride is the only daughter of City Inspector G. W. Buchanan and wife. The groom is the youngest son of D. C. Pixley, president of the National Bank of Orange and head of the County Highway Commission. The groom himself is connected with the bank. Both of the young people have a host of friends who will join in congratulations and best wishes.

The death of Mrs. Anna Terrell Harris of Villa Park took place yesterday at 2 a. m. at the home of her son, S. P. Harris, on Handy street. Death followed an extended illness.

Mrs. Anna T. Harris has been a resident of this vicinity for the last nine years. She was nearly sixty-eight years of age, her birth occurring in Alabama, June 9, 1846. She came to Orange in 1907, and her husband died here a year later. Besides her son, S. P. Harris, she leaves one daughter, Mrs. C. C. Hulquist, of Anacostia, Okla.; one sister, Miss Annie Terrell of Villa Park, and one brother, A. J. Terrell, who resides in Alabama.

Funeral services were held at 2 o'clock this afternoon in the First Baptist church, Rev. W. H. Galbraith officiating. Burial was made in Santa Ana cemetery.

Miss Hazel Crawford and Mrs. H. A. Brown were hostesses at a pretty reception given Saturday evening at the H. A. Brown home on East Collins. The affair was in honor of the Misses Gwendolyn Handy, Virginia Coleman, Elizabeth Webster and Bert McGrew, classmates of Miss Crawford at the Sage Seminary in Los Angeles, who are her house guests during the Easter vacation.

A delightful evening was passed with progressive pit as the principal game. The house was very handsomely decorated with roses. As refreshments, ice cream, Pape's special, and wafers, chocolate and mints were served.

Besides the honored guests, the following were present: Misses Gladys and Elba Elson, Earl Elson, Mr. and Mrs. C. E. Isaacson, Arthur and Nelle Isaacson, Mr. and Mrs. Nean Watson, Mrs. D. P. Crawford, Fred Stever, Dr. Tyrrell and Mr. and Mrs. H. A. Brown and family.

Miss Elsie Dean and Mrs. John A. King entertained the infant class of the El Modena Sunday school at the home of Mrs. King, Saturday afternoon. Eighteen guests were present. A pleasant afternoon was spent in games. The decorations were a novel and pleasing feature. Yellow roses were used as a centerpiece with a tiny yellow Easter chick in their midst, from which white streamers went to another yellow chick at each place. Other place marks were Easter eggs mounted on pasteboard and decorated to a grotesque human resemblance. Refreshments of sandwiches, cheese, olives, cake and candy were served.

GLASS OF SALTS IF YOUR KIDNEYS HURT

Eat Less Meat if You Feel Backache or Have Bladder Trouble

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases. —Advertisement.

dy eggs were served. Easter was pleasantly observed in the local churches, two of which arranged special programs for the evening services.

At the First Presbyterian church a large crowd heard a cantata presented by the church choir, assisted by several other singers. Solos were rendered by Miss Morrison, Miss Ensign, Miss Billingsley, Mrs. F. E. Smith, Mr. Webster, Mr. Ensign and Mr. Fenn Field.

The Christian church choir presented a sacred concert which included a number of fine selections by Miss Sutton, Miss Ainsworth, Miss Ott, Miss Dalton, Mrs. Kidder, Mrs. Jasper, Mr. Putnam, Mr. Bates, Miss Norman and Miss Winifred Roberts, the two latter being from Santa Ana.

AT THE COURTHOUSE WILL CONTINUE COURT ACTION

Reinhaus Appointed Administrator that He May Be Plaintiff

In order to continue an action brought in the superior court several months ago, it was found necessary to have an administrator appointed for the estate of Maurilla Thomas. Fred Fette was administrator, but he died a short time ago. S. M. Reinhaus petitioned for letters, and the appointment has been made.

The appointment was over the objection of Attorneys Williams & Rutan, representing C. W. Hedges, O. W. Gregg, L. W. Bushard, H. H. Crona, Louise Royer and Anaheim Investment Co., who declare that they own property that is claimed by the estate of Maurilla Thomas. The objection stated that the objectors secured their title from John Thomas, widower of Maurilla Thomas, and that there is nothing in Maurilla Thomas' estate. Reinhaus and Attorneys Scarborough & Forys declare that the property, worth \$20,000, belongs to the estate. The property in question is at Anaheim.

Deputy Sheriff Sheriff Rudbeck has appointed E. B. Stricker a deputy sheriff without pay.

IN THE JUSTICE COURT SAME OLD DOSE FROM DOCTOR COX Gun-Packer is Given Sentence of Six Months in the County Jail

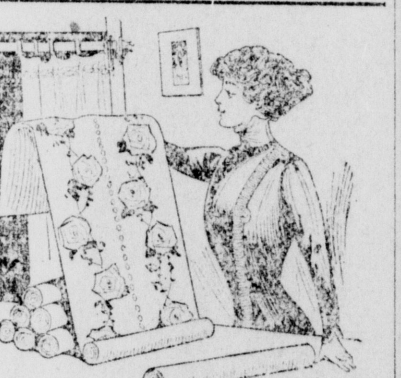

Justice of the Peace Cox, who for the occasion may be designated as Dr. Cox, today gave his usual prescription for carrying a gun. The prescription calls for a term of six months in the county jail.

The man who received the medicine was Francisco Guma of El Modena. Guma was tried on a charge of assault with a deadly weapon with intent to murder. The jury found him not guilty and recommended that he be prosecuted for carrying a concealed weapon. Guma and the man he had trouble with were both taken before Justice Cox on that charge. Guma's companion in trouble pleaded guilty, and got his dose of six months right away. Guma wanted trial. This morning he appeared, and though he made a wry face he had to take it down like a little man. It was six months in jail for him.

Disturbers Fined Jesus Valenzuela and Fernando Garcia paid fines of \$10 each for disturbing the peace at Garden Grove.
